

Dear Volunteer:

We are pleased that you are considering volunteering at La Posada and/or Posada Life Community Services. We would like to work with you to develop an experience that will meet your volunteer goals and enrich your life.

The goal of the volunteer services program is to enhance our ability to accomplish our missions. Volunteers play a vital role. Our missions are:

La Posada

Maximize the well-being and care of seniors

Posada Life Community Services

Offering life-enhancing programs to the Greater Green Valley community

Adults and children benefit from the array of services we currently offer. Our volunteers make a difference with their smiles, stories, and life experiences. Special skills or talents, while always welcome, are not a requirement for volunteering. You will find that by being yourself you are already prepared for most of our varied volunteer assignments. We also have a formal volunteer orientation program; volunteers are supervised.

Volunteers contribute enormously to the well-being, comfort, care and happiness of all the children and adults in our programs – including our staff! In turn, we are convinced that you will be enriched by your contact with our clients, each of whom is a unique and interesting individual.

We hope you will join us as a volunteer and share your time and energy with us. You will be able to develop different skills, meet new people and have fun while serving the Green Valley community. If you have any questions or suggestions, please do not hesitate to contact us. We value and appreciate each of our volunteers for their dedicated service – and look forward to working with you.

Sincerely yours,
