

LaJoya Assisted Living Service Package and Fees

LaJoya Assisted Living

Amenities

The La Joya Assisted Living lifestyle offers the optimal choice for those individuals who require just a little more assistance to promote the highest level of independence. The suites and apartments follow a residential design with numerous common areas throughout the circular buildings, which encourage socialization and activity, provide intimate gathering areas for friends and family, and maximize the visual appeal and beauty of the meticulously landscaped courtyards. Wildlife and birds abound and can be observed not only from individual residences, but also from the elegantly appointed dining room where residents enjoy three meals daily.

Each private living space has its own kitchenette and bath, and can be adorned with personal furniture and mementos. Several have beautiful corner windows that overlook a courtyard or to the exterior of the building.

Weekly resident trips offer opportunities to shop, visit points of interest and dine out. Each resident is encouraged to participate in activities and events that match abilities and interests.

A caring staff, superior programs, and a concern for the dignity and well-being of each individual ensure a quality lifestyle for every resident of our La Joya Assisted Living Suites.

La Posada currently offers five floor plans ranging in size from 315-square-foot suites to 890 square foot apartments.

Reservation Process

To reserve a La Joya Assisted Living residence, you must complete La Posada's residency requirements for Assisted Living, as stated in the La Joya Assisted Living Suites Residency and Service Agreement. All prospective residents complete two initial residency criteria, a financial review, and a health status evaluation prior to the assigned move-in date. A La Posada case manager or the La Posada Assisted Living Director will conduct this initial review and evaluation.

On your selected move-in date, La Posada requires a signed La Posada Residency and Service Agreement, a completed Financial Profile Form, and the appropriate personal information forms.

Reservation Fee and Payment

If you are not currently a resident of La Posada, you will need to provide La Posada with a Reservation Fee for your chosen La Joya residence. The Reservation Fee is equal to one month of the resident's assigned Monthly Resident's Service Fee. The Reservation Fee shall be refundable only if it is determined by La Posada that you do not meet the criteria for services in Assisted Living prior to your assigned move-in date.

Monthly Resident Service Fees

The Monthly Resident Service Fees shall commence upon your assigned move-in date and are prorated to the end of month. The Monthly Resident Service Fees are subject to an annual review and are adjusted annually according to the operating needs of the La Posada community.
